Summary

I'm a passionate final-year student at Ravenshaw College pursuing a BSc course. My passion lies in creating interactive websites and continuously learning new technologies. With skills in Java, HTML, CSS, and JavaScript, I enjoy transforming ideas into functional and visually appealing web applications. I wish to further develop my expertise in both web development and DSA, and contribute to exciting projects in the tech industry.

"I chose this profession because it aligns perfectly with my hobby. My passion for working with computers ensures that I stay engaged and continually deepen my knowledge and skills."

Skills

Programming languages: Java • C

Web technologies: HTML • CSS • JavaScript

Tools & Software: Git (Version Control) • Visual Studio Code (Text Editor) • Bootstrap (Framework)

Other Relevant Skills: Responsive Web Design • Problem-Solving • Communication • Team Collaboration

Education

Ravenshaw University

Cuttack, Odisha

B.Sc in Information Science & Telecommunication

2022 - 2025

• **Relevant Coursework** (Optional): Web Development, Data Structures, Algorithms.

Projects

Weather App

Built a weather application to display current weather conditions and forecasts based on user location. Developed the frontend interface and integrated it with a weather API to fetch and display data. : Delivered a functional and visually appealing app that demonstrates my skills in backend and frontend development.

• **Technologies Used:** JavaScript, HTML, CSS, Weather API.

Personal Portfolio Website

Designed and developed a personal portfolio website to showcase my projects, skills, and experiences. Handled all aspects of the project, from design and layout to coding. That effectively presents my work and serves as a platform for potential employers to learn more about my skills and interests.

• **Technologies Used:** HTML, CSS, JavaScript

Drum Kit

Created a virtual drum kit allowing users to play different drum sounds using keyboard inputs.

• **Technologies Used:** HTML, CSS, JavaScript.

Experience

ChiperByte Technology

Cuttack
